EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dale S. Lazar and Kamal Goudjil on March 22, 2004.

The application has been amended as follows:

Claim 1 has been amended to read:

1. (Currently Amended) A vacuum processing apparatus for applying a predetermined process to an object to be processed which is placed on a substantially circular placement stage provided in a vacuum chamber by supplying a process gas to the vacuum chamber,

wherein:

said vacuum chamber has a substantially circular exhaust port under said placement stage, the exhaust port having a diameter equal to or smaller than a diameter of said placement stage;

a center axis of said exhaust port is displaced from a center axis of said placement stage and said center axis of said placement stage passes inside of said exhaust port; and

a foot-print of said placement stage covers less than a whole surface of said exhaust port.

2. The following is an examiner's statement of reasons for allowance: the vacuum processing apparatus with the exhaust port displaced from the center axis of the placement stage as claimed in claim 1, specifically, a center axis of said exhaust port is displaced from a center axis of said placement stage and said center axis of said placement stage passes inside of said exhaust port; and a foot-print of said placement stage covers less than a whole surface of said exhaust port, was not found in or suggested by the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
